

# Campground Etiquette

*Be mindful of your noise level.*

Not everyone camping is here to party. Some might be camping to relax and enjoy the quiet sounds of nature.

*Be respectful during quiet hours.*

**Quiet hours are 9pm - 8am.**  
Be considerate of other campers. Keep voices low, children and dogs quiet, and music off.

*Be aware of your night lights.*

Keep outdoor lighting to a minimum during quiet hours. Use flashlights and not car headlights while setting up camp.

*Stay on trails.*

Be conscious of other campers' space. Walk on designated trails and campground roads only. If you camp with kids remind them of this.

*Smoke in designated smoking areas only.*

Inn Town Campground is a non-smoking campground everywhere except designated smoking areas, this includes vaping and cannabis.

*Keep your dog calm and secured.*

Keep your dogs on a leash and in your control at all times. Please clean up after your dog.

*Keep a tidy campsite.*

Leaving food out and unattended will invite wildlife to join you. Please store all food in your vehicle when not preparing or eating meals.

*Wash dishes at designated dish washing stations.*

Water spigots are a source for fresh water. Keep them clean and free of food and soaps.

*Take only memories, leave only footprints.*

Leave your campsite and communal spaces better than you found them.

*Drive 5mph inside the campground. ALWAYS!*

Be aware of children that may not be paying attention.
